The Bridge - Session 6

Scripture Base for Tonights Session.

Matthew 6:5-13

Kenn said that the 'Lord's Prayer' was not given so that we might recite it over and over again but rather to provide a template for effective prayers.

- How has your understanding of this changed since you began this series of study?

Kenn spoke about the centrality of worship in a believers life.

- What element of God's character leads you to worship Him and declare in prayer, 'Holy is Your name'?
- Why do you think Jesus chose worship as the starting point in His prayer template?

Kenn said that if we don't approach God with a submitted heart, it is very easy for our prayers to become self centered.

- Are you aware on times in your life (or perhaps it is in the 'here and now') that you have become self centered in prayer?

Take time now and use the Matthew 6 prayer template to pray for each other and any specific areas of a group members life that is blocking their communication with God.
